U.S. Bankruptcy Court Case #05-44481

Reference Case #05-44481

As a recently separated Delphi Salary Employee I strongly object to the June 1, 2009 Master Disposition Agreement, Article 9.5.11. This article declares that severance payments will be terminated upon the closing date (emergence date). I agreed to the Separation Agreement which waived my rights (Release of Claims) in exchanged for the severance payments. This is a legal, enforceable contract that was entered into during the bankruptcy period. The severance payments are a contract liability and I expect this contract to be honored. The effective date of my contract is April 1, 2009.

These severance payments were to be used to help defray the cost of medical benefit coverage that has also been cancelled by this bankruptcy, and to provide a cushion for career transition.

I ask the court to reject Article 9.5.11 and force Delphi to honor the contract.

Yours Truly,
